Marcos;

Or, you may choose formulation product of atrazine 90% WDG (Cylinder granular), in 25 kg fibre drum.

Kindly be noted that you asked for Malathion 12000 Liter (1L*12/carton), which is 1 full container already.

If you intend to mix these 2 products in 1 container, you'll have to adjust liters of malathion.

For you record, atrazine technical grade is 97% powder, in bag 25 kg.
1*20 GP capacity=11~12 ton / 10 ton(**palletized**)

So, you may have this match:

10 KL malathion in 1 Liter + 2 ton atrazine 97% in 25 kg bag. (full container)

Let me have your think.

Best Regards

□□□ Re: Price of Malathion 57%EC based on CIF Barcelona.

Dear ██████████

Do you have Atrazine?

Common name	<u>Atrazine</u>
Product category	Herbicide
Chemical name	6-chloro-N ² -ethyl-N ⁴ -isopropyl-1,3,5-triazine-2,4-diamine
Molecular formula	C ₈ H ₁₄ CLN ₅
Formulations	97%TC or 90%

If yes, may you send me a budget together with Malathion for one container. Malathion as you already sent it and Atrazine should fill the rest of the container. Barcelona o Valencia seaports. With thanks, Marcos

PRICE OFFER MALATHION 57EC.pdf164

KB

Dear Marcos;

Firstly check the price quote as enclosed.

Then we'll figure out the shipment matter (propone por whatsapp etiquetar Malathion 57EC con la sustancia activa Fenvalerate 20% EC, prohibida en el conjunto de la Unión Europea. Contesto que tenemos que buscar otra sustancia y me dice que apruebe el presupuesto y que luego ya veremos cómo etiquetar).

Waiting for your update.

Thanks.

Best Regards

Subject: Re: Malathion 57%EC TO MOROCCO(PORT CASA BLANCA)/ALGERIA(PORT ALGIERS)
Dear **Lindy**,

We could cover it up with
IMIDACLOPRID 20% [SL] P/V
Or any other liquid product you may suggest.
Thanks and looking forward to your reply,
Marcos

Dear Marcos,

what product name can you use in Europe? I mean the one which is able to get through custom freely.

Thanks

marcos garcia rey <marcosrey73@hotmail.com> 2017 6 27 20:00

Dear Cindy

Many thanks for your swift and kind response.

I'd love this delivery:

Malathion 570 g/l EC

1 L bottle*12/carton. (12000 L per container)

Casablanca and Algiers are quite OK, but Barcelone or Valencia would be perfect. My question: would it be possible to cover up Malathion with another authorised product in Spain? I mean, would it be possible to label it with any other authorised product in Europe?

Best,
Marcos

Asunto: Malathion 57%EC TO MOROCCO(PORT CASA BLANCA)/ALGERIA(PORT ALGIERS)

Dear Marcos;

Thank you for your explanations.

As what you stated, we can arrange product to a third port casa blanca/ Algiers port.

About product, you can refer our finished products:

1. Malathion 450 g/L EC (This dosage is suggested,because in china, license is 45%)
- 2.Malathion 570 g/l EC (product we can do, but shall settle license issue)
- 3.Malathion 500 g/L EC(product we can do, but shall settle license issue)

Package size we can offer

200 Liter drum(16000 L per container)

20 Liter drum (20000 L per container)

1 L bottle*12/carton. (12000 L per container)

Choose your favorite purity of product, package size, and destination port for a price quote.

I shall come back to you tomorrow.

Best Regards

Quote

"Yes, thank you, [REDACTED]

Thank you for your swift reply.

I'm interested in:

Common name: Malathion

Chemical name: O,O-dimethyl phosphorodithioate of diethyl mercaptosuccinate

Product: 57% EC

Empirical formula: C₁₀H₁₉O₆PS₂

State: powder (liquid could be work out as well)

Shipping base: 1.5 Metric Tons per month

Would you send me a sample?

Could you draft a budget for a regular shipment of 1.5 metric tons per month to Spain?

According to your experience, what's the best seaport to import insecticides en Spain/Europe?

Thanks in advance, looking forward to your reply,

Marcos"
