Dear Sir/Madam

Initial Advice of VAT Registration
VAT Registration No GB : 003 8027 19

I am pleased to inform you that your VAT1MAN recently received at this office has been processed. You have been registered for the purposes of Value Added Tax, with effect from 08/01/2013 and allocated the registration number shown above. **This number must be quoted on all tax invoices which you issue.**

From your effective date of registration you are liable to pay Value Added Tax to the Isle of Man Government on all your taxable supplies of goods and services as explained in Public Notice No. 700 (The VAT Guide) which should now be in your possession.

Your Certificate of VAT Registration (form VAT4MAN) is enclosed. This advises the finishing date of your first and subsequent VAT returns. Please check the details shown on the certificate and notify this office if any details are incorrect.

Repayment of Input Tax

Before you start to make taxable supplies by way of business, you may provisionally claim repayment of input tax in accordance with "The Value Added Tax (General) (Amendment) (No 2) Regulations 1987". The Regulations concern input tax and partial exemption and the general rules are explained in Notices 700 and 706.

Repayment is, however, subject to the condition provided for by section 25 (6) of the Value Added Tax Act 1996, that the Collector may require you on request, to refund all or any of the input tax claimed. If you do not make taxable supplies by way of business, or if in respect of input tax claimed prior to a period in which taxable supplies in the course of business are made, that input tax is not commensurate with the related taxable supplies.

Should you require any further assistance, then please do not hesitate to contact the Advice Centre staff on the above telephone number.

Yours faithfully

Miss C Taylor
